

Chapter 6: Catching the Serpent by the Tail

Theme: To live according to how God made us does not mean to give up everything we enjoy, but to use everything we enjoy for His glory.

List the differences in a branch that is connected to a living tree and a fallen branch.

If God can use a dead piece of wood to display His power, imagine what He could do with a branch that abides in the vine. In what ways are you moving in your own power instead of abiding in the vine?

How do you need to rest and Be Still? In what ways is your branch primed and ready to bear fruit? How is God calling you to move?
